As per claims 19, the prior arts of record, taken alone or in combination, fail to disclose or render obvious the fitting part includes a plurality of fitting blocks each having a first opening for fitting one of the optical modules, the main body has a plurality of second openings corresponding to respective ones of the plurality of fitting blocks and formed through the main body from the principal surface to a back surface of the main body, and the fitting blocks are fitted to said fitting part such that the first openings in the fitting blocks each correspond to a second opening in the main body in one to one relation, in combination with the rest of the limitations in the claim.
